

*Top pair, National Archives; bottom pair, Ostendorf collection O-84*

A REASSEMBLED MULTIPLE-LENS PHOTOGRAPH by Mathew B. Brady, Washington, D. C., Friday, January 8, 1864. The National Archives owns *two* sets of glass negatives of images A and B, but no negatives for the lower pair, which are here united from carte-de-visite photographs in the Ostendorf collection. The difference in camera angle between the upper and lower pair is clear from the variation in size of the small opening under Lincoln's left coat sleeve.
